Dear Families

As you will be aware since January we have been successfully supported by Jodie Flynn, Head at Heamoor. She has been working alongside both Miss Finch and Miss Ferguson, who have both taken on extra Leadership roles alongside their classroom responsibilities.

It has been agreed by the Governing Body that we will advertise the role of Head Teacher as a secondment opportunity for an experienced Head, for 1.5 days a week. Although this is a change to our previous structure it was decided by the Governing Body that this would provide the best opportunity for stability and continuity for the School at this time. This will continue to give our 2 outstanding teachers the opportunity to expand and develop their leadership skills as well as the school benefitting from an experienced Headteacher.

Many thanks for your continued support.

Sharon Brolly

Chair of Governors
