Dear Families

### **Bikeability**

We are delighted to be able to offer Bikeability training whilst we are at the Heamoor School site. We are offering the opportunity to Year 5 & 6 pupils who can ride a bike without stabilisers.

We will need three pieces of information from you:

- Can your child ride a bike without stabilisers?
- Does your child have a correctly sized bike?
- Does your child have a well-fitting cycle helmet?

In order that we can reserve appropriate slots, please provide this information at your earliest convenience via the school app (School Gateway).

Yours sincerely

The St Levan Team
